

The Great Stone Viaduct/Bellaire Public Library Winter Lecture Series Presents:

"Through the Lens"

**Presented by:
John McCabe**

For more than a decade, John McCabe has been leading the newsroom as managing editor of the Ohio Valley's largest news-gathering organization, The Intelligencer and Wheeling News-Register. This 20-year journalism veteran works daily to keep Ohio Valley readers informed on what's happening in their communities. One way that's done is through projects such as the book "Through the Lens," which features 50 years of photographic excellence by P. Andrew Lloyd, Art Limann and Scott McCloskey. A Morgantown native, McCabe and his wife, Kristen, a speech therapist at Belmont Community Hospital and Head Start operations in Bellaire and Martins Ferry, have three children.
